Plan to bring anyone who uses your software to the 2007 BTM User's Conference!

GREETINGS!

Welcome to the May edition of *The Right Track*. It is hard to believe but the **2007 BTM User Conference** is NEXT MONTH!!! All the information about the conference is included in this newsletter - the Registration Form, some of the topics that will be covered, directions to the Eagle Ridge Conference Center, and most importantly many reasons why you don't want to miss this event!!!!

TOUGH TIMES DON'T LAST; TOUGH TEAMS DO!

We're all about helping you better utilize your business management software so that your company can run at its full potential. This year's conference will help you do that! Vince Lombardi said, *"Teams do not go physically flat, they go mentally stale."* Sometimes we do the same things over and over so often that we forget that there are ways we can improve and be more efficient. Come to this year's conference and find out ways you can improve the operation of your software and therefore the efficiency of your company!

Check out the video clips from the 2006 Conference and see what some of the attendees had to say about it by going to btmsolutions.com, click on Events, then click on BTM's Raving Fans Interviews! Be sure you fill out your Registration Form and get it in by **Friday, May 11**, so you can be included in the drawing for the **digital camera**! You can email it, fax it, or mail it - just do it! You'll be glad you did!

"Individual commitment to a group effort-that is what makes a team work, a company work, a society work, a civilization work."

"People who work together will win, whether it be against complex football defenses, or the problems of modern society."

"The achievements of an organization are the results of the combined efforts of each individual."

Vince Lombardi

FROM OUR TEAM!

Our team at BTM would like you to be sure and attend the conference. Here is what some of them have to say:

"You definitely do NOT want to miss this conference. We are more focused than ever on being part of and strengthening your winning team."

Melissa Kellum
Support Manager

"We want everyone to see, meet, and greet our team as well as each other. From this interaction we can get a better idea of specifically what you would like to see from your software. This helps us better service you our customers."

Larry Williams
Support and Development Specialist

"Come to the conference because it will be exciting, you can win great prizes, we can get to know you better, and you can see some great new things your software can do."

Eddie Matano
Technical Support Specialist

"You will get to see ME!"

Ricky Webster
IT Manager
